SUMMARY

Operations and customer experience leader with twelve years of experience building international, customer-centric service organizations. A leader whose teams deliver support as a product through in-depth technical/account support, knowledge based content, and community strategies designed to empower the customer.

- **Cross-functional Collaboration:** Skilled in building relationships across organizations that lead to improved outcomes for customers and the company.
- **Leadership:** Set the vision and strategy for multiple teams within my organization.
- **Customer-centric:** Put the customer at the heart of my mission and fiercely advocate for their success.

EXPERIENCE

DigitalOcean (New York, NY)

January 2014-September 2019

DigitalOcean is a cloud infrastructure company that provides developers services to help deploy and scale applications worldwide.

Director of Support

- Lead 24x7 teams (Technical Support, Account/Billing, Trust & Safety, and VIP support) that handle 20k+ support interactions and 200k+ abuse complaints monthly
- Achieve team engagement rate of 83%+ (+10% above the company average) that delivers 75% CSAT
- Responsible for the strategic and product development of DigitalOcean's new paid support offering
- Developed Salesforce relationship and lead migration to replace homegrown ticketing and CRM systems
- Scaled support from 8 to 50 people (remotely across the US and in Bangalore) to support 500k+ Monthly Active Accounts and developed DigitalOcean's Trust & Safety function from scratch
- Promoted and transferred 35+ team members from my department to more senior roles within the company through effective training and development programs
- Devised policy for internal incident management and external communications

Fab.com (New York, NY; Berlin, Germany)
